

**ISSN :** 0539-1156

**Linking ISSN (ISSN-L):** 0539-1156

**Key-title:** Bibliography on the High Temperature Chemistry and Physics of Gases and Plasmas, International Union of Pure and Applied Chemistry, Commission on High Temperatures in Gases and on Plasma Chemistry

**Title proper:** Bibliography on the High Temperature Chemistry and Physics of Gases and Plasmas, International Union of Pure and Applied Chemistry, Commission on High Temperatures in Gases and on Plasma Chemistry.

**Other variant title:** International Union of Pure and Applied Chemistry, Commission on High Temperature and Refractories, Sub-Commission on Gases, Bibliography on the High Temperature Chemistry and Physics of Gases and Gas-Condensed Phase Reactions

**Other variant title:** Bibliography on High Temperature Chemistry and Physics of Gases and Gas-Condensed Phase Reactions, International Union of Pure and Applied Chemistry, Commission on High Temperature and Refractories, Sub-Commission on Gases

**Country:** United States

**Medium:** Print

**Last modification date:** 09/06/2004

**Type of record:** Confirmed

**ISSN Center responsible of the record:** ISSN National Centre for the USA
